**INFORMATION ABOUT THE ANNUAL MEETING, PROXIES AND VOTING QUESTIONS AND ANSWERS
ABOUT THE MEETING AND THE PROPOSALS**

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of printed proxy materials?

A: Under rules recently approved by the Securities Exchange Commission ("SEC"), the Company is now furnishing proxy materials on the Internet in addition to mailing paper copies of the materials to each shareholder of record. Instructions on how to access and review the proxy materials on the Internet can be found on the Proxy Card sent to shareholders of record and on the Notice of Internet Availability of Proxy Materials (the "Notice") sent to shareholders who hold their shares in "street name" (i.e. in the name of a broker, bank or other record holder). The Notice will also include instructions for shareholders who hold their shares in street name on how to access the proxy card to vote over the internet. Voting over the Internet will not affect your right to vote in person if you decide to attend the Annual Meeting; however, if you wish to revoke your proxy, you must first notify the Corporate Secretary of your intent to vote in person, and vote your shares at the Annual Meeting.

On or about August 10, 2011, we will send all stockholders of record as of July 29, 2011 a Notice instructing them as to how to receive their proxy materials via the Internet this year. The proxy materials will be available on the Internet as of August 10, 2011.

Q: Who is soliciting proxies for the annual meeting?

A: Proxies are being solicited on behalf of the Board of Directors (which we sometimes refer to in this proxy statement as the Board).

Q: What is being voted on?

A: Our stockholders will vote on the following items at the annual meeting:

1. The election of seven directors who have been nominated to serve on the Board.
2. To consider a proposal to approve the Company's 2010 Stock Option Plan;
3. To consider a proposal to ratify the appointment of W.T. Uniack & Co. CPA's P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
4. To consider such other business as may properly come before the annual meeting.

Q: Who is entitled to vote?

A: Only stockholders of record as of the close of business on July 29, 2011 may vote at the annual meeting.

Q: How many votes do I have?

A: Each share of our common stock that you owned on the record date entitles you to one vote on each matter that is voted on.

Q: How many shares can vote?

A: On the record date, there were 328,487,288 shares of our Class A Common Stock outstanding and 3,884,321 shares of Class B Common Stock outstanding. Holders of the outstanding shares of our Class A Common Stock on the record date will be entitled to one vote on each matter for each share held as of such date, and holders of the outstanding shares of our Class B Common Stock on the record date will be entitled to one vote on each matter for each share held as of such date.

Q: How does the Board recommend I vote on these proposals?

A: The Board recommends that you vote:

- ... **FOR** the election of each nominee to serve as a director until the 2011 annual meeting of stockholders and until his or her successor is duly elected and qualified;
- ... **FOR** the approval of the Company's 2010 Stock Option Plan;
- ... **FOR** the ratification of the appointment of W.T. Uniack & Co. CPA's P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

Q: How do I vote?

A: The enclosed proxy card describes three ways to vote, in addition to attending the annual meeting and voting your shares in person. You can vote:

- ... by telephone;
- ... via the Internet; or
- ... by completing, signing and returning a signed proxy card in the envelope provided.

If you vote by telephone or Internet, you do not need to return your proxy card.

Even if you plan to attend the annual meeting and vote in person, please complete, sign and return your proxy card or cast your vote by telephone or over the Internet as described on the enclosed proxy card. That way, if you plan to attend the annual meeting but are unable to do so for any reason, your shares will still be represented at the annual meeting.

If you later decide to attend the annual meeting and want to vote in person, you may do so. If your shares are registered in your name and you want to vote at the annual meeting, no additional forms will be required. If your shares are held for you in the name of a bank, broker, or other nominee holder, you will have to obtain a legal proxy from the nominee holder to vote your shares at the annual meeting, as described below.

Q: What if I hold my shares in a brokerage account?

A: If the shares you own are held in “street name” by a brokerage firm, your brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. In order to vote your shares, you will need to follow the directions your brokerage firm provides you. Many brokers also offer the option of voting over the Internet or by telephone, instructions for which would be provided by your brokerage firm on your vote instruction form. Under the current rules, if you do not give instructions to your brokerage firm, it will still be able to vote your shares with respect to certain “discretionary” items, but will not be allowed to vote your shares with respect to certain “non-discretionary” items. The proposal to approve our 2010 Stock Option Plan (Proposal Two), and the ratification of W.T. Uniack & Co. CPA's P.C., as our independent registered public accounting firm (Proposal Three) are considered to be discretionary items and your brokerage firm will be able to vote on those items even if it does not receive instructions from you, so long as it holds your shares in its name.

The Election of Directors (Proposal One) is a “non-discretionary” item. If you do not instruct your broker how to vote with respect to this item, your broker may not vote with respect to this proposal and those votes will be counted as “broker non-votes.” “Broker non-votes” are shares that are held in “street name” by a bank or brokerage firm that indicates on its proxy that it does not have or did not exercise discretionary authority to vote on a particular matter.

If your shares are held in street name, you must bring an account statement or letter from your bank or brokerage firm showing that you are the beneficial owner of the shares as of the record date (July 29, 2011) in order to be admitted to the meeting on September 23, 2011. To be able to vote your shares held in street name at the meeting, you will need to obtain a Proxy Card from the holder of record. **We will be unable to accept a vote from you at the annual meeting without that Proxy Card from your holder of record.**

If you and other residents at your mailing address own shares of our common stock in street name, your broker or bank may have notified you that your household will receive only one annual report and proxy statement for each company in which you hold stock through that broker or bank. This practice is known as “householding.” Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Therefore, your broker or bank will send only one copy of our annual report and proxy statement to your address. Each stockholder in your household will continue to receive a separate voting instruction form.

If you would like to receive your own set of our annual report and proxy statement in the future, or if you share an address with another of our stockholders and together both of you would like to receive only a single set of our annual disclosure documents, please contact the company at Silver Falcon Mining, Inc., 2520 Manatee Avenue West, Bradenton, Florida 34205 or call (941) 761-7819. Be sure to provide your name, the name of your brokerage firm or bank, and your account number. The revocation of your consent to householding should be effective 30 days following receipt of your instructions.

If you did not receive an individual copy of this proxy statement or our annual report on Form 10-K for the fiscal year ended December 31, 2010, we will send a copy to you if you address a written request to Silver Falcon Mining, Inc., Attention: Investor Relations, 3419 Virginia Beach Boulevard, #252, Virginia Beach, Virginia 23452 or call (757) 306-6090.

Q: What if I sign and return my proxy card or voting instruction form but don't specify how I want my votes to be cast?

A: If you sign and return your proxy card but do not mark any boxes showing how you wish to vote, the proxy designated on the card, Pierre Quilliam, our Chief Executive Officer, will vote your shares:

- ... **FOR** the election of each nominee to serve as a director until the 2011 annual meeting of stockholders and until his or her successor is duly elected and qualified;
- ... **FOR** the approval of the Company's 2010 Stock Option Plan;
- ... **FOR** the ratification of the appointment of W.T. Uniack & Co. CPA's P.C. as our independent registered public accounting firm for the fiscal year ending December 31, 2011.
- ... in such individual's discretion, on all other matters which might come before the annual meeting.

Q: What if I vote or return a proxy and later want to change my vote?

A: If your shares are registered in your name, you may change your vote at any time before the meeting in one of four ways. You may:

- ... notify our Corporate Secretary in writing that you want to change your vote and specify the change;
- ... vote in person at the annual meeting;
- ... submit a proxy card dated later than your prior vote; or
- ... re-vote by telephone or via the Internet.

You may send written notices to our Corporate Secretary at our offices at: 2520 Manatee Avenue West, Suite 200, Bradenton, Florida 34205, Attention: Corporate Secretary, Fax: (941) 761-7848.

Please note that if you hold your shares through a bank, broker, or other nominee holder and you wish to change your vote, you must deliver your change to *that* nominee. **Remember that if a nominee holds your shares for you and you wish to vote in person at the annual meeting, you must obtain a Proxy Card from that nominee authorizing you to vote at the annual meeting. We will be unable to accept a vote from you at the annual meeting without that Proxy Card.**

Q: Can I revoke my proxy after I return it?

A: Yes. You can revoke your proxy at any time before the annual meeting by sending a written revocation or a later dated proxy to our Corporate Secretary at the address specified above.

Establishing a Quorum and Votes Required

Q: What is a quorum?

A: A quorum is the number of shares of capital stock of a corporation that must be represented in person or by proxy in order to transact business. For each of the proposals to be presented at the meeting, Delaware law generally requires that a majority of the outstanding shares of our capital stock entitled to vote must be represented in person or by proxy. That means that a quorum will consist of one-half of the total possible votes of shares of stock issued and outstanding on July 29, 2011, the Record Date, or Class A and/or Class B Shares that hold a total of 241,930,065 votes. Shares of stock represented in person or by proxy (including “broker non-votes” and shares that abstain or do not vote with respect to a particular proposal to be voted upon) will be counted for the purpose of determining whether a quorum exists at the meeting for that proposal. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

Q: What happens if I abstain from voting or do not give voting instructions to my broker?

A: If you submit a properly executed proxy, your shares will be counted in determining whether a quorum is present, even if you abstain from voting or withhold authority to vote on a particular proposal. If you abstain from voting or withhold authority to vote in the election of directors, doing so will have no effect on the election, because the seven nominees who receive the greatest number of votes, regardless of the actual number of votes cast, will be elected as directors.

Q: What is a “broker non-vote” and how are they counted?

A: A so-called “broker non-vote” occurs when banks, brokers or other nominee holders return a valid proxy but do not vote on a particular proposal because they do not have discretionary authority to vote on the matter or have not received specific voting instructions from the stockholder for whom they are holding shares.

On certain “routine” matters (such as ratification of the appointment of an independent registered accounting firm) a broker or other nominee holder has discretionary voting power to vote the shares on the stockholder’s behalf without receiving instructions. However, nominee holders do not have discretionary authority to vote on “non-routine” matters (such as election of directors and approval of the proposed amendments to our Articles of Incorporation) and therefore cannot vote without receiving specific voting instructions.

If a broker fails to return a valid proxy, the votes represented by that proxy are not counted in determining whether a quorum is present, nor do those shares affect any proposals requiring a percentage of the votes cast or a specific percentage of the shares present and authorized to be cast. If the broker returns a valid proxy without marking a vote or abstaining, the votes represented by the proxy will be counted in determining whether a quorum is present and any designated proxies named in the card would be entitled to exercise discretionary voting power if the proxy card so provides. The proxy card for the annual meeting grants such discretionary voting power to Pierre Quilliam, our Chief Executive Officer. If the broker returns a proxy after crossing out a “non-routine” proposal as to which the broker cannot exercise discretionary voting power and has not received voting instructions, the shares represented by the proxy will be counted in determining whether a quorum is present but will not be counted as shares entitled to vote on the proposal. Therefore, broker non-votes on any “non-routine” matters would have the effect of reducing the number of shares necessary to constitute a majority of the shares present and entitled to vote on the proposal, but otherwise would not be counted as votes either for or against the proposal.

Q: What vote is required to elect directors?

A: Assuming a quorum is present at the annual meeting, the seven nominees who receive the highest number of votes will be elected as directors. Abstentions and instructions withholding authority to vote for one or more nominees will result in those nominees receiving fewer votes, but will not count as votes against a nominee. **Starting this year, the election of directors is a “non-routine” matter.** Therefore, if you do not instruct your broker how to vote with respect to the election of directors, your broker may not vote with respect to this proposal

and those votes will be deemed broker non-votes. Broker non-votes are not counted for the purpose of determining whether directors are elected, and therefore will not have the effect of a negative vote with respect to the election of directors.

Q: What vote is required to approve our 2010 Stock Option Plan?

A: A vote to approve our 2010 Stock Option Plan will require an affirmative vote of a majority of votes that are present in person or represented by proxy and entitled to vote at the annual meeting. Abstentions will be considered shares entitled to vote in the tabulation of votes cast on this proposal, and will have the same effect as negative votes. Because the ratification of the independent registered public accounting firm is a discretionary matter, broker non-votes may result in a vote for this item.

Q: What vote is required to ratify W.T. Uniack & Co. CPA's P.C. as our independent registered public accounting firm?

A: Ratification of the appointment of W.T. Uniack & Co. CPA's P.C. as our independent registered public accounting firm will require an affirmative vote of a majority of votes that are present in person or represented by proxy and entitled to vote at the annual meeting. Abstentions will be considered shares entitled to vote in the tabulation of votes cast on this proposal, and will have the same effect as negative votes. Because the ratification of the independent registered public accounting firm is a discretionary matter, broker non-votes may result in a vote for this item.

Q: Who will count the votes?

A: A duly sworn representative of Investment Law Group of Gillett, Mottern & Walker, LLP will count the votes and act as the inspector of elections at the meeting.

Q: What does it mean if I get more than one proxy card?

A: Your shares may be registered under more than one name, address or account. If so, you will need to return each proxy card or voting instruction form you receive (or vote by telephone or over the Internet) by following the instructions on the card in order to ensure that all of your shares, however held, are voted. We encourage you to have all accounts registered in the exact same name and address (whenever possible). Registered stockholders may obtain information about how to do this by contacting Jason Bogutski, our transfer agent, at:

Signature Stock Transfer, Inc.
2632 Coachlight Court
Plano, Texas 75093
Phone: 972-612-4120
Fax: 972-612-4122

If you provide Jason Bogutski with photocopies of the proxy cards that you receive or with the account numbers that appear on the proxy cards, combining your accounts and share holdings will be easier to accomplish.

Q: Are there any expenses associated with soliciting proxies for the annual meeting?

A: Yes. We will bear the expense of soliciting proxies for the annual meeting and will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes at this time. Our officers and other employees may solicit proxies in person or by telephone, although there are no contracts or arrangements to do so. Any such officers or other employees will receive no special compensation for soliciting proxies.

Q: What is a stockholder proposal?

A: A stockholder proposal is a recommendation or requirement from a stockholder that we or the Board take action on a matter that the stockholder intends to present at a meeting of stockholders. However, under applicable Securities and Exchange Commission, or SEC, rules, we have the ability to exclude certain matters proposed, including those that deal with matters relating to our ordinary business operations.

Q: Can anyone submit a stockholder proposal?

A: To be eligible to submit a proposal, you must have continuously held at least \$2,000 in market value, or 1% of our common stock, for at least one year by the date you submit your proposal. You also must continue to hold those securities through the date of the meeting.

Q: If I wish to submit a stockholder proposal for the 2011 annual meeting of stockholders, what action must I take?

A: If you wish us to consider including a stockholder proposal in the proxy statement and form of proxy for the 2011 annual meeting of stockholders, you must submit the proposal, in writing, so that our Corporate Secretary receives it no later than April 4, 2011 (which is 120 calendar days before the anniversary of the date of this proxy statement) in order to be included in the proxy statement and form of proxy relating to that meeting. In addition, the proposal must meet the requirements for stockholder proposals established by the SEC.

Send your proposal to:

PROPOSALS

PROPOSAL ONE: ELECTION OF DIRECTORS

(Item 1 on Proxy Card)

Our bylaws provide that the Board shall consist of one or more members, as determined from time to time by resolution of the Board. The Board has set the number of directors at seven. The Board presently consists of seven directors. Directors are elected annually and serve a one-year term. On the recommendation of the Board, the Board has nominated all of its current directors, Pierre Quilliam, Allan Breikreuz, Denise Quilliam, Christian Quilliam, Lewis Georges, David J. Bommarito and D. Roger Scammell, for re-election at the annual meeting. All of the directors were originally appointed to fill a vacancy on the Board and none has ever been elected at an annual meeting of stockholders.

You will find detailed information on each nominee below. Each nominee has consented to act as a director if elected. If any director nominee is unable to stand for election at the annual meeting, the Board may reduce its size or designate a substitute. If the Board designates a substitute, proxies voted for the original director candidate will be cast for the substituted candidate. Proxies may not be voted for more than the seven nominees named.

Information with respect to the number of shares of common stock beneficially owned by each director, directly or indirectly, as of July 29, 2011, appears below under the heading "Security Ownership of Certain Beneficial Owners and Management."

The Board recommends a vote FOR the election of each nominee. The nine nominees who receive the highest number of affirmative votes will be elected as directors.

Prior to joining HealthWatch, Mr. Ridenour served as Senior Vice President and Chief Financial Officer of Nationwide Credit, Inc., a receivables management company, from 1998 to 2000. From 1983 to 1998, Mr. Ridenour served in various financial management roles at American Security Group, a financial services company, Primerica Financial Services, Inc., a financial services company, and Southmark Corporation, a real estate service and development company. Corporate Governance

Our Board believes that good corporate governance is important to ensure that our company is managed for the long-term benefit of our shareholders. This section describes key practices that our Board has adopted.

Board Determination of Independence

Our common stock is currently quoted on the OTCQB. Since the OTCQB does not have its own rules for director independence, we use the definition of independence established by the NYSE Amex (formerly the American Stock Exchange). Under applicable NYSE Amex rules, a director will only qualify as an “independent director” if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Of the seven nominees, we believe that only Lewis Georges and David J. Bommarito qualify as an “independent director” as defined by NYSE Amex rules.

Board Meetings and Attendance

Our Board held three meetings by board consent during the fiscal year ended December 31, 2010. During this period all of the then directors of the Company attended at least 75% of the total number of meetings of the Board and any committee of which they were a member. We do not have a policy regarding director attendance at our annual meetings.

Board Committees

We do not have an audit, nominating or compensation committee. We intend, however, to establish an audit committee and a compensation committee of our Board of Directors in the future, once we have independent directors. We envision that the audit committee will be primarily responsible for reviewing the services performed by our independent auditor, evaluating our accounting policies and our system of internal controls. The compensation committee will be primarily responsible for reviewing and approving our salary and benefits policies (including stock options) and other compensation of our executive officers.

We do not have an audit committee financial expert on our Board.

Stockholder Communications with the Board

Stockholders may send correspondence to the Board c/o Corporate Secretary at 2520 Manatee Avenue West, Bradenton, Florida 34205. The Corporate Secretary will review all correspondence addressed to the Board, or any individual Board member, for any inappropriate correspondence and correspondence more suitably directed to management. The Corporate Secretary will summarize all correspondence not forwarded to the Board and make the correspondence available to the Board for its review at the Board’s request. The Corporate Secretary will forward stockholder communications to the Board prior to the next regularly scheduled meeting of the Board following the receipt of the communication as appropriate.

Board Structure

Our Board has not chosen to separate the positions of Chief Executive Officer and Chairman of the Board in recognition of the fact that our operations are sufficiently limited that such separation would not serve any useful purpose. Our Chairman and Chief Executive Officer is responsible for setting the strategic direction for our company and for the day-to-day leadership of our company, as well as setting the agenda for Board meetings and presiding over meetings of the full Board.

Role of Board in Risk Oversight Process

Management is responsible for the day-to-day management of risk and for identifying our risk exposures and communicating such exposures to our Board. Our Board is responsible for designing, implementing and overseeing our risk management processes. The Board does not have a standing risk management committee, but administers this function directly through the Board as a whole, as well as through committees of the Board. The whole Board considers strategic risks and opportunities and receives reports from its officers regarding risk oversight in their areas of responsibility as necessary. We believe our Board's leadership structure facilitates the division of risk management oversight responsibilities among the committees and enhances the Board's efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

Director Nomination Process

The process followed by our Board to identify and evaluate director candidates includes requests to members of our Board and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the nominating and corporate governance committee and the Board.

In considering whether to recommend any particular candidate for inclusion in the slate of recommended director nominees, our Board considers the following criteria:

- ... integrity;
- ... business acumen;
- ... knowledge of our business and industry;
- ... experience;
- ... diligence;
- ... conflicts of interest; and
- ... the ability to act in the interests of all shareholders.

The director biographies above indicate each nominee's experience, qualifications, attributes and skills that led our Board to conclude he should continue to serve as a director. Our Board believes that each of the nominees has the individual attributes and characteristics required of each of our directors, and the nominees as a group possess the skill sets and specific experience desired of our Board as a whole.

The Board does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. Our Board believes that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow it to fulfill its responsibilities.

Our Board does not have a formal policy with respect to diversity, but believes that our Board, taken as a whole, should embody a diverse set of skills, experiences and backgrounds.

Our Board does not have a formal policy with regard to the consideration of director candidates recommended by shareholders. The Board does not feel a formal policy is necessary, as the Board will consider director nominees recommended by shareholders. The names of any nominees should be addressed to the Board, c/o Secretary, Silver Falcon Mining, Inc., 2520 Manatee Avenue West, Bradenton, Florida 34205. No shareholder has submitted names of director nominees for consideration at the meeting.

Related Party Transactions

On October 11, 2007, GoldLand leased its mineral rights on War Eagle Mountain to us. Under the lease, we are responsible for all mining activities on War Eagle Mountain, and we are obligated to pay GoldLand annual lease payments of \$1,000,000, payable on a monthly basis, a monthly non-accountable expense reimbursement of \$10,000 during any month in which ore is mined from the leased premises, and a royalty of 15% of all amounts we receive from the processing of ore mined from the properties. The lease, as amended, provides that lease payments must commence July 1, 2010.

On the first quarter of 2011, we amended the above-described lease with GoldLand. The amendment provided that the annual lease payments would be deferred for a fifteen month period from October 2010 to December 2011, and the term of the Lease would be extended for an equal amount of time. We remain obligated to pay any royalties or the nonaccountable fee that accrues during the deferral period. All of the officers and directors of GoldLand are also officers and directors of us.

Under an agreement dated July 14, 2006 entered into by a prior owner of the Sinker Tunnel location, we are obligated to pay Bisell Investments, Inc. ("Bisell") and New Vision Financial, Ltd. ("New Vision") a total of 15% of the net smelter return or net refinery return of any ore which originates, terminates or was gained access through the Sinker Tunnel or the grounds of the Sinker Tunnel complex.

As of December 31, 2009, GoldLand owed us \$69,499. As of December 31, 2010, we owed GoldLand \$6,000. The amounts are non-interest bearing, unsecured demand loans.

Pierre Quilliam has made loans to us from time to time. The loans are non-interest bearing, unsecured demand loans. The amount outstanding to Mr. Quilliam at December 31, 2009 and December 31, 2010 was \$102,660 and \$323, respectively. The loans represent amounts paid by Mr. Quilliam on our behalf for expenses relating to our reorganization in 2007 and our entry into the mining business in Idaho.

During 2010 we issued 698,073 of Class A Common Stock to Q-Prompt, Inc. for computer services valued at \$71,770 in various transactions. During 2009 we issued 773,448 of Class A Common Stock to Q-Prompt, Inc. for computer services valued at \$25,232. Q-Prompt, Inc. is owned by Christian Quilliam, who is the son of Mr. and Ms. Quilliam. In 2010, we issued 1,746,875 shares of Class B Common Stock to Christian Quilliam as a signing bonus when he was hired as our chief operating officer.

During 2010 we issued 301,174 of Class A Common Stock to Pascale Tutt for shareholder relations and property due diligence valued at \$34,862. Ms. Tutt is the daughter of Mr. and Ms. Quilliam. In 2011, we have issued an additional 119,905 shares of Class A Common Stock to Ms. Tutt for mineral claims administration and other services.

In 2009, we had paid \$17,500 in taxes owed by Mr. Quilliam, which were incurred in connection with his role as officer of Dicut, our former corporate parent.

From 2007 to 2010, we have issued various notes to investors to raise capital. The notes have a term of two years, bear interest at 7% per annum payable monthly, and are convertible into Class A Common Stock at the market price on the date of issuance of the note. Erna Breikreuz, the mother of Allan Breikreuz, has purchased \$154,000 of convertible notes in the offering. Sherrie Breikreuz, the sister of Allan Breikreuz, has purchased \$13,000 of convertible notes in the offering.

Pierre Quilliam is a considered a promoter of our entry into the mining business in Idaho. Mr. Quilliam has not personally received anything of value from us in connection with acting as a promoter except an employment agreement. In addition to his employment agreement with us, Mr. Quilliam will benefit indirectly from our entry into the mining business because it will give us the ability to repay amounts that we owe Mr. Quilliam for expenses he has advanced on our behalf.

Mr. Quilliam will also benefit indirectly by virtue of his employment with, and ownership interest in, GoldLand. In connection with our entry into the mining business, we entered into a lease agreement with GoldLand, under which we are obligated to pay GoldLand lease payments of \$1,000,000 per year payable on a monthly basis, a nonaccountable expense allowance of \$10,000 per month for any month in which ore is mined from the property, and a royalty of 15% from any proceeds we receive from a smelter of ore produced from land. Mr. Quilliam and Denise Quilliam, his wife, own 35.5% of the outstanding common stock of GoldLand. Mr. Quilliam has an employment agreement with GoldLand that entitles him to a base salary of \$125,000 per year, and Ms. Quilliam has an employment agreement with GoldLand that entitles her to a salary of \$42,500 per year. GoldLand has not actually paid Mr. Quilliam's salary, bonus or expense reimbursement yet. Presently, GoldLand's only source of revenue is payments under the lease with us, and therefore Mr. Quilliam ability to receive payment from GoldLand is dependent on our ability to make lease payments to GoldLand.

Mr. Quilliam will also benefit to the extent we use the Sinker Tunnel to mine ore, because Bisell is entitled to a royalty on all ore mined using the Sinker Tunnel. Specifically, Bisell owns 50% of a royalty under which we are obligated to pay 15% of the net smelter return or net refinery return of any ore which originates, terminates or was gained access through the Sinker Tunnel or the grounds of the Sinker Tunnel complex. Bisell acquired its royalty rights in the Sinker Tunnel from Laoshan Group, LLC under an agreement dated July 27, 2007 in consideration for 400,000 shares each of our common stock owned by Bisell.

GoldLand acquired its mining rights on War Eagle Mountain shortly before it leased those rights to us in October 2007. GoldLand acquired those rights by issuing 45,000,000 of its common shares each to Bisell and New Vision. Mr. Quilliam controls Bisell. Shortly before GoldLand acquired the mining rights from Bisell and New Vision, Bisell and New Vision acquired the mining rights from an unrelated third party by conveying the unrelated party 7,500,000 shares of GoldLand common stock that each owned GoldLand at the time.

Review, Approval and Ratification of Related Party Transactions

The board of directors has responsibility for establishing and maintaining guidelines relating to any related party transactions between us and any of our officers or directors. Under our Code of Ethics, any conflict of interest between a director or officer and us must be referred to the non-interested directors for approval. We intend to adopt written guidelines for the board of directors which will set forth the requirements for review and approval of any related party transactions.

Director Independence

Our common stock is currently quoted on the OTCQB. Since the OTCQB does not have its own rules for director independence, we use the definition of independence established by the NYSE Amex (formerly the American Stock Exchange). Under applicable NYSE Amex rules, a director will only qualify as an “independent director” if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

We periodically review the independence of each director. Pursuant to this review, our directors and officers, on an annual basis, are required to complete and forward to the Corporate Secretary a detailed questionnaire to determine if there are any transactions or relationships between any of the directors or officers (including immediate family and affiliates) and us. If any transactions or relationships exist, we then consider whether such transactions or relationships are inconsistent with a determination that the director is independent. As this time, we have two independent directors, David Bommarito and Lew Georges. Our other directors are not independent.

Conflicts Relating to Officers and Directors

To date, we do not believe that there are any conflicts of interest involving our officers or directors, other than as disclosed above. With respect to transactions involving real or apparent conflicts of interest, we have adopted policies and procedures which require that: (i) the fact of the relationship or interest giving rise to the potential conflict be disclosed or known to the directors who authorize or approve the transaction prior to such authorization or approval, (ii) the transaction be approved by a majority of our disinterested outside directors, and (iii) the transaction be fair and reasonable to us at the time it is authorized or approved by our directors.

BOARD RECOMMENDATION

Our Board believes that the election of the nominees for directors is in our and our shareholders’ best interests and recommends that the shareholders vote FOR the seven nominees.

(Item 2 on Proxy Card)

Summary of the 2010 option plan

The following description of certain features of the 2010 Stock Option Plan is intended to be a summary only.

Overview. Our 2010 Stock Option was adopted by our board of directors in October 2010. The 2010 Stock Option Plan permits us to make grants of incentive stock options or non-qualified stock options. We initially reserved 20,000,000 shares of our common stock for the issuance of awards under the 2010 Stock Option Plan. Generally, shares that are forfeited or canceled from awards under the 2010 Stock Option Plan also will be available for future awards.

Plan Administration. The 2010 Stock Option Plan may be administered by either our Board or any committee of our Board appointed to administer the 2010 Stock Option Plan (the “Administrator”). The Administrator has full power and authority to select the participants to whom awards will be granted, to make any combination of awards to participants, to accelerate the exercisability or vesting of any award and to determine the specific terms and conditions of each award, subject to the provisions of the 2010 Stock Option Plan. The 2010 Stock Option Plan is currently administered by our Board. Our practice is to have all recommendations of equity awards and approvals or amendments regarding the 2010 Stock Option Plan be approved by our board of directors.

Eligibility and Limitations on Grants. All full-time and part-time officers, employees, non-employee directors and other key persons (including consultants and prospective employees) are eligible to participate in the 2010 Stock Option Plan, subject to the discretion of the Administrator.

Stock Options. The 2010 Stock Option Plan permits the granting of (1) stock options intended to qualify as incentive stock options under Section 422 of the Code and (2) stock options that do not so qualify. Options granted under the 2010 Stock Option Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and key persons. The option exercise price of each option will be determined by the Administrator but may not be less than 100% of the fair market value of our common stock on the date of grant.

The term of each option will be fixed by the Administrator and may not exceed ten years from the date of grant. The Administrator will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the Administrator. Options may be exercised in whole or in part with written notice to the Company.

Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument acceptable to the Administrator, or by delivery (or attestation to the ownership) of shares that are beneficially owned by the optionee. Subject to applicable law, the exercise price may also be delivered to the Company by a “cashless exercise” through a broker pursuant to irrevocable instructions to the broker from the optionee.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one fiscal year and a shorter term and higher minimum exercise price in the case of certain large stockholders.

Exercise Price. The exercise price of stock options awarded under the 2010 Stock Option Plan may not be less than the fair market value of our common stock on the date of the option grant and the term of each option may not exceed ten years from the date of grant. The Administrator will determine at what time or times each option may be exercised and, subject to the provisions of the 2010 Stock Option Plan, the period of time, if any, after retirement, death, disability or other termination of employment during which options may be exercised.

Transfers. Unless the Administrator provides otherwise, our 2010 Stock Option Plan does not allow for the transfer of awards and only the recipient of an award may exercise an award during his or her lifetime.

Change in Control Provisions. In the event of a merger, sale or dissolution, or a similar “sale event,” unless assumed or continued by any successor entity, all stock options and stock appreciation rights granted under the 2010 Stock Option Plan will automatically become fully exercisable, all other awards granted under the 2010 Stock Option Plan will become fully vested and non-forfeitable and awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event in the Administrator’s discretion. In addition, upon the effective time of any such sale event, the 2010 Stock Option Plan and all awards will terminate unless the parties to the transaction, in their discretion, provide for appropriate substitutions or assumptions of outstanding awards.

Duration, Amendment and Termination. No awards may be granted under the 2010 Stock Option Plan after ten years from its adoption by the Board. Our Board adopted the 2010 Stock Option Plan in October 2010. In addition, our Board may amend or discontinue the 2010 Stock Option Plan at any time, and our Administrator may amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose. No such amendment may adversely affect the rights under any outstanding award without the holder’s consent. Other than in the event of a necessary adjustment in connection with a change in the Company’s stock or a merger or similar transaction, the Administrator may not “reprice” or otherwise reduce the exercise price of outstanding stock options or stock appreciation rights. Further, any material amendments to the 2010 Stock Option Plan will be subject to approval by our stockholders, including any amendment that (i) increases the number of shares available for issuance under the 2010 Stock Option Plan, (ii) expands the types of awards available under, the eligibility to participate in, or the duration of, the plan, (iii) materially changes the method of determining fair market value for purposes of the 2010 Stock Option Plan, (iv) is required by the rules of any exchange on which our common stock trades or is quoted, or (v) is required by the Code to ensure that incentive options are tax qualified.

Tax Withholding. Participants in the 2010 Stock Option Plan are responsible for the payment of any Federal, state or local taxes that we are required by law to withhold upon any option exercise or vesting of other awards. Participants may elect to have the minimum tax withholding obligations satisfied either by authorizing us to withhold shares to be issued pursuant to an option exercise or other award, making a cash payment to us or subject to approval by the Administrator, by transferring to us shares having a value equal to the amount of such taxes.

Tax aspects under the code

The following is a summary of the principal federal income tax consequences of certain transactions under the 2010 Stock Option Plan. It does not describe all federal tax consequences under the 2010 Stock Option Plan, nor does it describe state or local tax consequences.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (1) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (2) there will be no deduction for us for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a “disqualifying disposition”), generally (a) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof, and (b) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering shares.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above (e.g., if the holding periods described above are not satisfied), the option is treated as a non-qualified option. In addition, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options. No income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and we receive a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the option.

Parachute payments

The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as “parachute payments” as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on the Company’s deductions

As a result of Section 162(m) of the Code, the Company’s deduction for certain awards under the 2010 Stock Option Plan may be limited to the extent that the chief executive officer or other executive officer whose

compensation is required to be reported in the summary compensation table receives compensation in excess of \$1,000,000 a year (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code). Grants under the 2010 Stock Option Plan through the Reliance Period is exempt from the cap imposed by Section 162(m) of the Code. If stockholders approve Proposal 2, certain grants under the 2010 Stock Option Plan, including stock options subject to performance vesting, will qualify as performance-based compensation after the Reliance Period.
